

Killara West Pymble Rugby Club

Round 10 21/6/08

Coach's report vs Seaforth

Round 11 had the boys from Seaforth paying a visit to a very muddy Lofberg. It was Joe Cartwright's last game and we were looking for only our second win of the year. I don't believe Seaforth had won a game either, so there was plenty at stake.

The KWP boys were psyched for a big one to try and send Joe out on a winning note. A big night was scheduled for the send off with the pig roasting way and the grog being chilled. The scene was set it was all up to us. We started well and seemed to have the opposition's measure but, to their credit, they weren't going to let the party be a huge success without putting up a fight.

An intercept try and another against the run of play saw us down but by no means out of the game. The game continued to see saw but we never actually got in front. A few changes were made along the way to try and get something happening in the backs but it all seemed to no avail. Until one of the most exciting finishes at Lofberg for many years was to be witnessed.

KWP was down by 4 points 24-20 with 30 seconds left on the clock. We came down the clubhouse side of the field from around half way. Jordan's mate made a great break down the line, put on a bit of a shimmy, drew the defence perfectly and put Pauly B in the corner. Jordan kicked the goal from the sideline and we won 27-24.

What a finish and a perfect way to end Joe's excellent career at the club. A great night ensued and many thanks must go out to all the people who put in the hard yards to give Joe a great send off.

3 points went to Moppy, two big games in a row mate. 2 points went to Matt Easy and 1 point to Joe Cartwright.
