

Killara West Pymble Rugby Club

Round 02 19/04/08

Coach's report vs Terrey Hills

Terrey Hills, after merging with CBOB's last year, had decided to return to a stand alone club. Their experience in 3rd division as CBOB's second grade had definitely improved their rugby. KWP needed to be on their game. Quite a bit of reshuffling was necessary and Paul (Ella) Rozier, alias Tubby, had to don the number 10 jumper and Dave (Toppo) McKenna, alias Macca, had to don the number 3. Our bench only consisted of 3 plus I'm playing for Hornsby now look at my socks Steve (not required on the day). We needed to start well but didn't and let Hills get away to a two try flyer. With all the pre-game shuffling I think the guys went out with the wrong attitude not quite believing in ourselves. If we had've done so I believe we would have won the game as we won the last 65 mins of the game 15-6 but went down 18-15. Keep believing in yourselves fellas and I am sure we can still be a force in the comp.

It was good to see Alby and Joe back on the park welcome back fellas and Stevey had a cameo for about 15 minutes as well. All played well but Dilmah, Matty and Stuey got the 3, 2, 1. The whole scrum was good and outside the first 10 mins our defence was excellent. We need to be more savvy about how we are going to break the line by mixing up our passes for inside balls and short balls etc.

We have the heart and determination gentlemen we just need to be smarter and prouder. Good luck today, play the house down.

Crossy
