

Killara West Pymble Rugby Club

Round 07 17/5/08

Coach's report vs Maccabi

Round 7 was Maccabi's turn to tread the hallowed ground at Lofberg. They were travelling well on the ladder but had never beaten us from 3 attempts. The KWP boys were coming off a ripping win against Bankstown and an excellent training run. So it had all the hallmarks of an exciting game. KWP started superbly and lead 7-nil after 10 mins.

The aggression was high and so was the commitment, it may seem funny to say but scoring an early try worked against us and we may have been better off if we had to work for another 10 mins. We took the foot of the gas and let Maccabi back into the game and continually chased them for the rest of the game. We made several mistakes off kick off's and two charge downs lead to tries. We need to trust our team mates more as well when it come to our defensive line. To our credit we never threw in the towel and ended up with a 4 try bonus point going down 36-27.

Joel was good but could run straighter and look for support he scored 3 tries and got the 3 points deservedly. Tempo had a blinder for 2 points and Matty pulled off the 1 point. Looking forward to a huge effort against Clovelly guys we will really need to be on our game.
